

ORANGE PRESERVES

A HISTORIC PRESERVATION NEWSLETTER | *Winter/Spring 2019*

Dedicated to protecting, preserving and enhancing the unique character of the Old Towne Historic District through education, communication, community involvement and public service projects.

Update: Major Old Towne Projects by Jeff Frankel, OTPA Preservation Chair

MILLS ACT EXPANSION

Thanks to the Orange City Council, the Mills Act was recently expanded to include certain interior features, something OTPA has long advocated. Previously, only exterior improvements spending could be claimed. See page 3 for a summary. Another reason to apply for Mills Act tax credits.

THE OLD TOWNE PLAZA

Our extraordinary Old Towne Orange Plaza District has experienced a remarkable year. Mayor Smith announced last year that the Plaza received coveted national attention when it was named one of the five Great Public Spaces on the American Planning Association's GREAT PLACES IN AMERICA list. All around the Plaza you see restoration and rehabilitation, including the extensive rehab of the old Swift & Swift Building, and the outstanding restoration of the 1888/1907 Armor Building, now home to the Urth Caffé.

Now home of Snooze AM Eatery, here's the building at 240 W. Chapman when it opened as a Ford dealership in 1922.

PLAZA BIBLE CHURCH BUILDING

On West Chapman, we welcome the extensive exterior restoration of the Mansur Motors building, formerly home of the Plaza Bible Church which is now home to Snooze, Fork & Salad and the Taco Stand. We congratulate owner Adam Chez and contractor Adam Feliz for their successful efforts to restore this historic exterior to closely resemble the 1922 Ford dealership.

METROLINK PARKING STRUCTURE

The ribbon cutting is currently scheduled for 10:00 am, Tuesday, February 19th. This five level building will provide more than 600 parking spaces.

CHAPMAN STUDENT HOUSING

Looks like the University is on schedule to open its Packing House Residence Village in time for fall 2019 occupancy with 401 beds in 110 suites. The school now requires all freshman to live on campus, and is expanding the policy to include all sophomores in Fall 2019. More student housing capacity was achieved when nearly 750 students moved into the 300 apartments the University recently acquired at Chapman Grand on West Katella Avenue in Anaheim. This will expand to approximately 900 students in Fall 2019. Parking capacity at Panther Village is being expanded which will increase the housing capacity by approximately 120%. And there's more to come: the University is in early planning stages for future student housing projects including the site at the property fronting I-5 next to Panther Village.

*CHAPMAN'S VILLA PARK ORCHARD PACKING HOUSE
 Historic restoration includes 350 multi-pane windows restored by the Spectra Company, and more than 100 tons of steel to seismically strengthen the structure to last another 100 years.*

MILLS ACT TAX BREAKS

MILLS ACT TAX BREAKS have been extended to certain interior improvements of eligible historic properties. With thanks to Marissa Moshier, City of Orange Historic Preservation Planner in the Community Development Department, here's a summary of what can now be included: Mills Act eligible interior work should be limited to rehabilitation of existing historic features or reconstruction of well-documented missing historic features, in conformance with the Secretary of the Interior's Standards for the Treatment of Historic Properties and the Historic Preservation Design Standards for Old Towne. Remodeling based on a property owner's personal taste or changes to features that are not historic would not be eligible for the Rehabilitation/Maintenance Plan. No more than 25% of the total cost estimate in the ten-year Rehabilitation/Maintenance Plan may come from interior work. Examples of interior work that could be eligible for a Rehabilitation/Maintenance Plan include:

MILLS ACT MAINTENANCE PLAN

INTERIOR FEATURES ELIGIBLE FOR REHABILITATION/MAINTENANCE PLAN	
Ceilings and Walls	Repair of cracked or damaged plaster ceilings and walls to match original condition, including cove ceilings and other decorative details
	Removal of paint and/or repair of wainscot/paneling to match original condition
	Repainting previously painted surfaces
Doors and Windows	Removal of paint and/or repair of damaged interior doors
	Repair of original surrounds and trim elements
	Repair of original interior hardware and replacement of missing hardware to match the historic condition
Floors	Uncovering, refinishing, and repair of original flooring
Cabinetry, Fireplaces, and other Decorative Features	Removal of paint, refinishing and/or repair of original cabinetry and trim elements
	Repair of original fireplace surrounds and mantels
	Repair of original light fixtures

For the first round of Mills Act applications for 2019, the City will accept applications until March 1 with an intended Council-approval date in June. For the second round in 2019, we will accept applications up to August 1 with a Council-approval date in November.

Important News For Our Valued Old Towne Preservation Association Members

Q) How do I get an OTPA Historic Home Plaque like the one outside Urth Caffè?

A) These popular brass plaques state the year the house or business building was built and the names of the original owners. Research that information and email to OTPA Preservation Chair **Jeff Frankel at **info@otpa.org**. Price is **\$197 for OTPA members**. Price for non-members is **\$222** and includes a complimentary one year OTPA membership.**
